Please recall that in one of the recent meetings of Shksha Mantriji, he had discussed that there are several new skills and competencies that are emerging as requirements of 21st century, and that all these need to be systematically identified and developed as NSQF compliant skill subjects for students in upper primary, secondary and tertiary levels. For this purpose, he had further directed that it is necessary that Department of School Education, Department of Higher Education and Ministry of Skill Development and Entrepreneurship work together. In this regard, the following organisations will work jointly to brainstorm on this - CBSE NCERT, NIOS, NCVET, Chief Innovation Officer/MoE, KVS, JNV and representatives of Higher Education as decided by DoHE. I suggest we also keep representatives of MoTA and MoMA in these sessions. Once the discussions have been firmed up to a certain extent, I would like to hold a discussion at my level also. CBSE Chairman JS-SS-I to initiate and co-ordinate these discussions. Please involve JS-SS-II and concerned JS from MoSDE also.
